Information

Rusty in Ground Duct?

Who knows what evil lurks in the heart of heating & cooling ducts? California Duct Armor (formerly California Enviro-Duct Seal) knows.

Underground ducts can be contaminated with MOLD, CORROSION, MOISTURE, ALLERGENS & ASBESTOS – even in newer homes. The solution was to refit with a new duct system, a costly, time-consuming and inconvenient process. And it sometimes didn't solve the problem.

Call Calif. Duct Armor (formerly California Enviro-Duct Seal). WE HAVE THE SOLUTION. SEAL it with our exclusive process. Call Calif. Duct Armor (formerly California Enviro-Duct Seal) @ 1-855-844-3828.
